Oven day for everyone

The world of rye at a glance -
An opportunity for young and old to enjoy

We heat three wood ovens to make fresh bread and pizza. We demonstrate the old village mill. The daily program includes guided tours in the Botanic Reserve and the village. We also offer a puzzle trail and other games for young and old. Canteen and catering are available throughout the day at the Burgerhaus, where accordion music will enrich your day in between events. If you love fresh bread and braided bread from the wood oven, you can buy them on site. It's available as long as it lasts!
